La Salle County Nursery

Growers of a General Collection of
Choice Nursery Stock

La Salle, Illinois

THE STOCK herein listed is of the highest grade and quality possible to attain. Every modern method is used from the time of propagation until the stock reaches the customer. Our aim being at all times to deliver stock that is full of life --- and with proper planting and care --- should give results that are satisfactory. Do not hesitate in placing your order; we will always treat you right.

INTRODUCTORY

QUALITY FIRST

"Trustworthy Trees and Plants"

We are members of THE AMERICAN ASSOCIATION OF NURSEYMEN.

The slogan, "TRUSTWORTHY TREES AND PLANTS" is our motto. Our reputation being backed up by 30 years of faithful service to our customers. If you are a customer once, you will be satisfied to be one always, as the high grade and quality of our stock should warrant this.

Those who have been our customers in the past, no doubt have had the opportunity to see and compare our stock with some that others have received from some mail-order concern. We wish to have you make this comparison and we know that you will decide that whatever slight difference there may be in price you will say that our stock is well worth the difference.

We take special care at all times to keep our stock strictly true to name. Our own help oversees the work from the time it is propagated until it leaves the Nursery. The stock herein listed is strictly selected stock of the highest quality—properly grown, properly dug and handled from the time of digging until it reaches the planter. We do the highest class of grading and we use the "brush-pile" for our inferior grade of stock, which is, as a rule, packed in orders of cheap catalog goods.

Copy of inspection from State Entomologist with each and every order.

Notice

To Our Customers

1. Orders should be sent in as early as possible, that there may be plenty of time for digging, packing and shipping stock at the proper time while list is complete, as we are prepared to deliver early this season.

2. Buyers should use the enclosed order sheet and not write their orders on the body of the letter, as it will prevent mistakes in the hurry of the packing season.

3. **TERMS OF PAYMENT**—Cash must be sent with the order. Remit by express money order, post office money order, bank draft or check. No charges will be made for the proper packing and delivery of stock to the express or freight office.

LANDSCAPE DEPARTMENT

As a matter of courtesy to the owner of an average small home we will gladly be of service to him in the laying out and proper arrangement of shrubbery to beautify the home. To anyone who so desires, if they will mail us a sketch of their place with accurate dimensions and lay-out of same, we will make a drawing and lay out the place with shrubs, etc., that we think proper. To anyone visiting our office, we have a book of landscape photographs with plans attached which will be of great help in the proper arrangement of shrubs for beautifying the home. You will find illustrations of a small group of our plantings on the center pages in our catalog which may also offer suggestions.

We are also capable of laying out large estates for planting and also the execution of same and will furnish an estimate of what the work will cost.

ATTENTION — PLEASE

In regard to varieties. The most of our customers who have planted orchards the last few years have left the entire selection to us, only stating how many early, medium or late kinds wanted. We will choose the best varieties for this climate, for cropping, eating, or for market. I certainly will take pleasure in doing this for our customers. I think I can serve them better than they could themselves, as I have judged the fruit exhibit at the Illinois State Fair for a number of years. I also handled the fruit exhibit at the Illinois State Horticultural Meeting for some years and I think I ought to be capable of being of some benefit to customers in choosing varieties for their orchard planting.

Read first page carefully.

Place your order early so that we can ship early.

APPLES AND CRAB APPLES

	Each	Dozen
No. 1 Grade—3 years.....	\$1.00	\$11.00
Extra Heavy Grade—3 years.....	1.25	14.00

SUMMER AND AUTUMN

Duchess of Oldenburg—Good sized, striped with red and yellow. Very young heavy cropper. Most popular Summer apple.

Red June—Upright growing tree. Fruit very dark red, ripening with the very earliest.

Red Astrachan—Tree vigorous, upright, hardy and productive. Fruit medium size and striped on greenish yellow; flavor acid.

Sweet June—Fruit yellow; very early Summer and of good quality.

Wealthy—Large red and yellow striped, sub-acid and very productive. Best Fall variety for this locality.

Yellow Transparent—Tree a hardy upright grower; regular and early bearer. Medium size; color a rich transparent yellow. Juicy, sub-acid.

WINTER APPLES

Grimes Golden Pippin—Medium sized, beautiful golden yellow color and of high quality.

Jonathan—Medium sized, rich, juicy, red with yellow shade. Young cropper and a good keeper.

McIntosh Red—Fruit deep crimson of high quality and of good size; very choice.

Stayman Winesap—Fruit medium sized, dark red, sub-acid, good quality and a long keeper.

Talman Sweet—Medium size, pale yellow slightly tinged with red; firm, rich and sweet and excellent for preserving. Vigorous and very hardy.

Winter Banana—Vigorous growing tree. Early bearer, good size fruit, handsome yellow color shaded with pinkish blush.

Wolf River—Largest early winter apple; largest of all apples grown. Color deep red and is a good cooking apple. Single apples have been known to weigh as much as 32 ounces.

Delicious—The apple being so highly recommended throughout the country for its high quality. Bears annually; great yielder; hangs well on the trees. Fruit very large, nearly covered with brilliant dark red; flesh fine grained, crisp, juicy, melting and delicious. Splendid keeper and shipper; should be in every orchard. One of the very best apples grown.

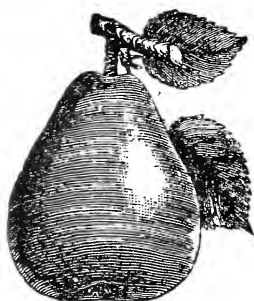

CRAB APPLES

Hyslop—Deep crimson, one of the most beautiful red; very popular variety.

Whitney No. 20—Large, skin smooth, glossy green striped, splashed with crimson. Very popular. Tree fine shapely grower.

- Mulberry, Tea's Weeping**—One of the finest weeping trees for lawn planting. Also bears full of red fruit in the summer, @ \$3.50 each.

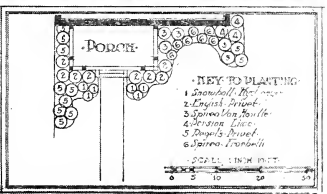

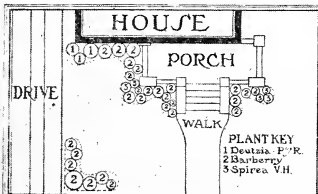

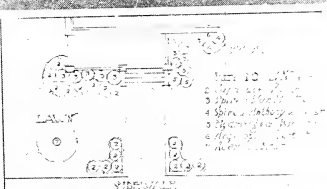

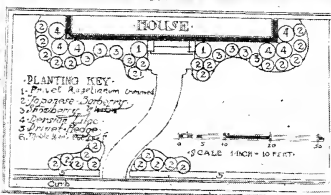

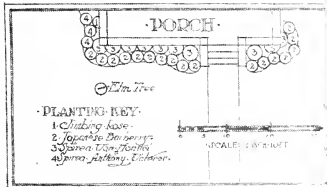

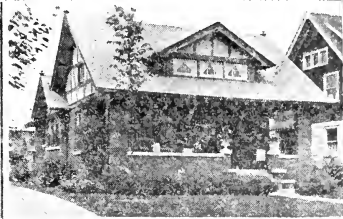

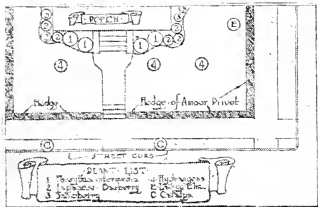

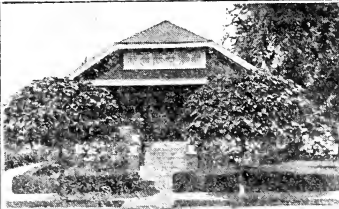

10,000 HARDY HYDRANGEA

Home Beautifying Suggestions

For the benefit of those who are in doubt about the proper arrangement of shrubs for foundation planting, these illustrations should be of assistance to those desiring such information. A little care should be exercised in selecting varieties for planting close to the house and you will find just such fine selections in the following plans. A home does not have to be large and spacious to carry out this work; the modest cottage can be transformed into a place of beauty with but small cost, and the first cost is the only cost. With proper planting and a little care thereafter these shrubs will increase in size and beauty each year.

ORNAMENTAL SHRUBS

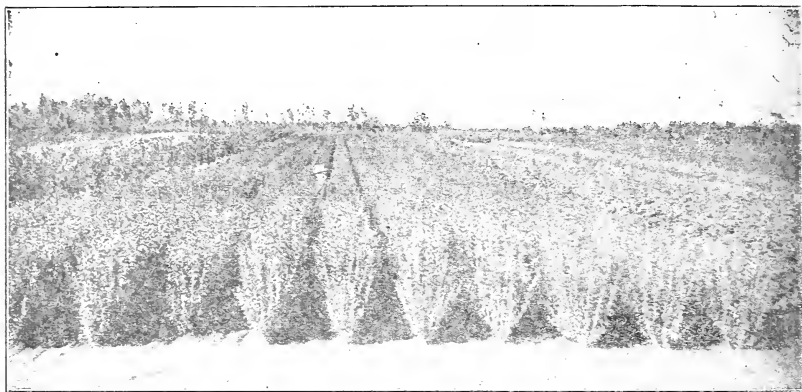

The following is a list of all the finest varieties of shrubs for this locality, which if properly arranged in planting, will make a wonderful showing.

It is a known fact that a place properly planted, will be greatly improved in appearance and will also greatly increase its value. No home should be without a nice collection of shrubs. They add just as much to the appearance of the outside of the home as furniture does to the inside of the house.

The planting of shrubs is very largely on the increase, and that is as it should be, for with a good selection the lawn can always be beautiful.

- Althea, Rose of Sharon**—Valuable because they bloom so profusely in late Summer when other flowers are gone. In three colors, Bush form @ 75c and \$1.00 each, according to size. Tree form, extra fine, @ \$2.00 each.
- Almond, Double Flowering**—Flower small, very double rose-shaped and also very hardy. Very beautiful, @ \$1.00 each.
- Aralia Spinosa—Hercules Club**—A very wonderful large shrub or small tree. Has dark green fern-like foliage of enormous size. Stems covered with thorns, @ 75c each.
- Butterfly Bush**—A new plant which is heavily advertised. A Summer blooming lilac. Strong blooming size plants, continuous bloomer, @ 75c each.
- Calycanthus or Sweet-Scented Shrub**—Chocolate colored blossoms with the most highly scented bark of all shrubs, @ 50c each.
- Currant, Yellow Flowering**—One of the best sweet-scented, early blooming shrubs, @ 50c each—\$5.00 per dozen.
- Deutzia, Pride of Rochester**—A very desirable shrub of strong, hardy growth, bearing an abundance of beautiful purplish-white flowers, @ 50c each.
- Cornus Lutea—Yellow Dogwood**—A beautiful shrub with bark as yellow as butter. An excellent shrub for Winter effect. Great contrast when planted with Red Dogwood, @ 50c each—\$5.00 per dozen.
- Cornus Siberica—Red Dogwood**—Beautiful for its bright red, shiny bark in the Winter. A very desirable shrub, @ 50c each—\$5.00 per dozen.
- Elder, Golden**—Noted for its beautiful yellow foliage. Strong growing plants, @ 50c each.
- Forsythia or Golden Bell**—A fine shrub. Blossoms golden yellow flowers all along the stems before the leaves appear in the Spring. A very showy shrub, @ 50c each—\$5.00 per dozen.
- Honeysuckle, Bush**—Very hardy and good for ornamental planting. Pinkish red bloom late in the season, becoming covered with red berries in the Fall. Three varieties, @ 50c each—\$5.00 per dozen.
- Hydrangea, Paniculata Grandiflora**—A fine hardy shrub with largest white-flowers turning to pink, and sometimes reaching 10 to 12 inches in diameter, with proper care. Bush form, @ 75c and \$1.00 each. Also Tree form @ \$2.50 each.

- Hydrangea, New Everblooming**—Known as "Hills of Snow." Resembles a low growing snowball with its large clusters of pure white flowers, @ 75c and \$1.00 each.
- Lilac, White**—White flowering, sweet-scented, @ 50c each—\$5.00 per dozen.
- Lilac, Persian Purple**—One of the freest bloomers of all, @ 50c—75c—\$1.00 each, according to size.
- Pyrus Japonica—Japan Quince**—Planted alone it is very attractive. Brilliant crimson flowers. Among the first in the Spring, @ 50c each—\$5.00 per dozen.
- Rhodotypus Kerroides**—A choice Japanese shrub. Noted for its beautiful foliage and white flowers, @ 50c each.
- Rhus Aromatica**—The sweet-scented Rhus or Sumac. A very rare plant, @ 75c each.
- Rhus, Cut-Leafed**—Very fringed leafed foliage, becoming very highly colored in the Fall of the year. A very attractive shrub, @ 50c each.
- Snowberry, Red—Indian Currant or Coralberry**—A low growing shrub suitable for planting in shade or sunshine. Very attractive berries resembling coral. These hang on until late in the Winter, @ 50c each.
- Snowberry, White**—A very fine shrub. Completely covered with white berries after the leaves drop in the Fall, @ 50c and 75c each.
- Snowball**—A plant which does not need any description. Fine plants @ 50c and 75c each.
- Spirea Billardi**—Pink plume-like blossoms, late Fall, @ 50c each—\$5.00 per dozen.
- Spirea Callosa Alba**—A white flowering variety of dwarf habit, No. 1 grade @ 50c each—\$5.00 per dozen. Extra heavy grade @ 75c each—\$8.00 per dozen.
- Spirea Froebelli—Or Dwarf Spirea**—Commencing to bloom in June and will continue almost throughout the Summer. Red clusters of blossoms. No. 1 grade @ 50c each—\$5.00 per dozen. Extra heavy grade @ 75c each—\$8.00 per dozen.
- Spirea Thunbergii**—Medium low growing shrub with white flowers. Blooms throughout the Summer, @ 50c each—\$5.00 per dozen.
- Spirea Van Houtte or "Bridalwreath"**—The most showy of all the Spireas. Completely covered with clusters of snow-white flowers. One of the best hardy shrubs. No. 1 grade @ 50c each—\$5.00 per dozen. Extra heavy grade @ 75c each—\$8.00 per dozen.
- Syringa or Mock Orange**—Very showy plant with waxy, sweet-scented white flowers. Very robust and vigorous, @ 50c and 75c each.
- Tamarix**—New variety. Very showy fringed leafed plant, with pinkish plume-like bloom, @ 75c each.
- Viburnum Lantana**—A large robust shrub with soft heavy leaves. Commonly called "Wayfaring Tree," @ 75c each.
- Viburnum Opulus—High Bush Cranberry**—Species of Snowball. Heavily covered with red berries in clusters in the Fall, also fine foliage, @ 50c and 75c each.
- Weigelia Rosea**—Elegant shrub with rose-colored, trumpet-shaped flowers. Plant is of upright compact growth. Blooms in May, @ 75c each—\$8.00 per dozen.

BLOCK OF OUR AMOOR RIVER PRIVET NORTH

The Only Strictly Hardy Privet Grown

ORNAMENTAL HEDGE FOR LAWN PLANTING

Privet, Amoor River North—The only strictly hardy Privet grown. Thornless and stands pruning to any desired shape. Privet is one of our specialties, having grown it for twenty-five years, and can highly recommend it for a beautiful lawn hedge. It greatly beautifies and improves property. To be planted 10 inches to 1 foot apart for a good compact hedge. In sizes as follows: 18 to 24 inch @ \$15.00 per 100—2 to 3 foot @ \$20.00 per 100—3 to 4 foot @ \$25.00 per 100.

Barberry Thunbergii or Japan Barberry—A pretty species of dwarf habit. Small foliage, changing to coppery red in the Autumn. Very desirable for clump planting in landscape work and for ornamental hedging. After foliage drops in the Fall it is covered with red berries, which hang on a long while during the Winter. Can be trimmed to any desired shape if so wanted. We can furnish these in three different sizes as follows: 25c each, \$3.00 per dozen, \$20.00 per 100—30c each, \$3.50 per dozen, \$25.00 per 100—35c each, \$4.00 per dozen, \$30.00 per 100.

Plant Hardy Amoor River Privet lawn hedging for greatly improving your home grounds.

50,000 CHOICE JAPANESE BARBERRY IN THIS BLOCK

HARDY CLIMBING VINES

- Boston Ivy or Ampelopsis Veitchii**—A very beautiful plant, clings to any smooth surface. Leaves color to a most beautiful red in the Autumn. Best and most popular of all climbing vines. 2 year old @ 75c each—3 year old at \$1.00 each.
- Virginia Creeper or Ampelopsis Engelmannii**—Very strong growing plants for covering trellises. Very clean foliage which does not mildew. Most rapid climber, @ 75c and \$1.00 each.
- Hall's Japan Honeysuckle**—A strong, vigorous, almost evergreen sort, with pure white flowers, changing to yellow. Very fragrant, @ 75c each.
- Scarlet Honeysuckle**—A strong, rapid growing honeysuckle producing coral-red, trumpet-shaped flowers. Semi-evergreen. Blooms late in April, @ 50c and 75c each.
- Purple Wistaria**—A heavy vine which produces an enormous growth after it becomes well established. Very hardy and robust. Produces long tresses of purple flowers, @ 50c and 75c each.
- Clematis Paniculata**—One of the most showy of all climbing vines. Flowers forming a solid mass of bloom in August and September. Flower white, very fragrant, @ 75c and \$1.00 each.
- Clematis Jackmanii**—Very large flowering, dark blue, very showy, @ \$1.25 each.
- Clematis Henryii**—Very large white flowering and very showy, @ \$1.25 each.
- Trumpet Vine**—Good hardy climber, with clusters of large, trumpet-shaped scarlet flowers in August, @ 50c each.

HARDY CLIMBING ROSES

- Crimson Rambler**—One of the most popular climbing roses. The crimson flowers are borne in heavy clusters, presenting a very striking appearance, @ 75c and \$1.00 each.

HARDY CLIMBING ROSES—(Continued)

- Dorothy Perkins—Pink or White**—Blooms beautiful clusters of shell-pink or white flowers, @ 75c and \$1.00 each.
- Excelsa**—Color deep crimson to scarlet. Flowers large and double, coming in clusters. A very profuse bloomer, @ 75c and \$1.00 each.
- Prairie Queen**—Flowers bright, large, rosy red. Similar to the Hardy Perpetual Roses, @ 50c each.
- Paul's Scarlet Climber**—One of the very finest climbers in existence. Large scarlet flowers. Very attractive. Hardy and a very choice variety, @ \$1.00 each.

HARDY PERPETUAL ROSES

- Lady Hillingdon, Yellow**—Makes exquisite buds of deep apricot yellow, shading to orange. Very fragrant and a free bloomer, @ 75c and \$1.00 each.
- Mme. Caroline Testout**—Color rich pink, finely edged with rose color, @ 75c and \$1.00 each.
- Gruss An Teplitz**—Deep crimson, passing to a fiery red. Blooms the most free of all, from early Summer until late Fall, @ 75c and \$1.00 each.
- F. K. Druschki**—The best white rose in existence. Forms long buds and has immense double flowers. Blooms continuously, @ 75c and \$1.00 each.
- Paul Neyron**—This is the largest of all the roses. Color clear pink and a very free bloomer, @ 75c and \$1.00 each.
- M. P. Wilder**—Extra large flowers. Color deep red. Strong grower and a free bloomer, @ 75c and \$1.00 each.
- Caprice**—Color striped pink and white, @ 75c and \$1.00 each.
- Prince Camille de Rohan**—Very dark, velvety crimson, almost black in color. This is one of the best dark roses produced. Flowers large and sweet, @ 75c each.
- Moss Rose Pink**—A rose collection to be complete must have at least one or two Moss Roses. The old-fashioned variety that does not need any description, @ 75c and \$1.00 each.

EVERGREENS

- Yucca Filamentosa**—An evergreen plant holding its green foliage all Winter. It has blossom stems about three feet in height, with cream-colored, waxy-white bell-shaped flowers, @ \$1.00 each.

PAEONIES

This is the wonderful Decoration Day flower, and one of the oldest and finest of all flowers grown. Once planted always there, and increases in number of blossoms each year as the roots grow larger. We have an exceptionally fine collection of the choicest varieties, in double red, white and pink, and the different shades in between. Our plants are not to be compared with the cheap varieties in cut-up plants usually listed. Larger grades of plants listed will bloom the first season with little care.

- Couronne d'Or**—White, reflexed yellow, tipped with carmine. Large flat rose, @ 75c and \$1.00 each.

PAEONIES—(Continued)

- Delicatissima**—Pale lilac rose, with creamy-white stigmas. A strong tall grower, @ 75c and \$1.00 each.
- Duchesse de Nemours**—Sulphur white with pure white crown, with greenish reflex, @ 75c and \$1.00 each.
- Edulis Superba**—Bright dark pink, shaded with violet. Large, strong, upright grower, @ 75c and \$1.00 each.
- Felix Crousse**—A very brilliant red with flame center. A strong grower and one of the best red Paenies, @ \$1.00 and \$1.25 each.
- Festivia Maxima**—The best known variety in existence. Snow-white, flecked crimson. Creamy-white at base of petals and a strong grower, @ 75c and \$1.00 each.
- Livingstone**—A pretty soft pink, with silvery reflex; center flecked carmine. Very large and compact, @ \$1.50 each.
- Louis Van Houtte**—Red, shading to dark crimson. Semi-rose type, fragrant, @ 75c and \$1.00 each.
- Mme. De Verneville**—Pure white, center blush, fading to pure white, @ 75c and \$1.00 each.
- Mons. Jules Elie**—Pure rose-lilac with silvery reflex. Collar amber, yellow shaded, @ \$1.50 and \$2.00 each.
- Queen Victoria**—Milk-white, slightly pink. Pale lilac tinted, @ 75c and \$1.00 each.
- Richardson's Rubra Superba**—Lively carmine amaranth. Large fragrant rose type, @ \$1.50 each.
- Rose Fragrance**—American Beauty style, sweet-scented, @ 75c and \$1.00 each.
- Venus**—Delicate pink. Our very choicest pink grown, @ \$1.50 each.
- Delachi**—One of our very darkest reds, @ \$1.00 each.
- Exposition d' Lille**—French variety, pink and red, very rare, @ \$1.00 each.

HARDY PERENNIALS

- Aquilegia or Columbine**—The most showy of all Columbine. Flower large, very attractive, blue and white. Very satisfactory. Have also several other varieties, @ 25c each—\$2.75 per dozen.
- Bleeding Heart**—Perfectly hardy. Rose colored, very drooping habit. Large blooming size, @ \$1.00 each.
- Buddleii or Butterfly Bush**—A plant which is very extensively advertised. Often called a Summer Blooming Lilac. Strong blossoming plants, @ 75c each.
- Chrysanthemum**—Hardy, late Fall flowering. Very ornamental. Three colors: red, white, and yellow, @ 35c each, —\$4.00 per dozen.
- Delphinium or Larkspur**—Very hardy. Long showy spikes of flowers from June until frost. Light blue, dark blue, and white, @ 25c each—\$2.75 per dozen.
- Funkia, Variegated**—Foliage very attractive as a border plant. Planted for its fine variegated leaf. Has flower stem about a foot high; flowers blue. Not so much for the bloom as for its beautiful foliage, @ 25c each—\$2.75 per dozen.

HARDY PERENNIALS—(Continued)
